

Portrait of 'Kids of Africa'

Our Profile

- Founded in 2002 by Burkhard Varnholt.
- Registered as a Swiss and Ugandan charity.
- Currently home to 92 children.
- Ten family homes each headed by a dedicated mother who cares for around ten children.
- Infrastructure includes health care center, organic farm, kindergarten and sport facilities.
- Received SwissRe Civilian Service Prize 2004.
- Highly commended by the Ugandan government and the Consulate of Switzerland in Uganda for sustainable, social development aid.

Our Vision

- It is our dream that the children we raise will become the backbone of Uganda's society.
- We hope that some of the children at Kids of Africa will take over from where we began and continue to provide a future for those who would be left out otherwise.
- We aim to strengthen the economic and socio-cultural development of Uganda by enabling the children at Kids of Africa to contribute to a sustainable development of Uganda.

Our Community Impact

- Giving comprehensive support to the local primary school comprising 350 pupils.
- Providing expertise through our health care center, our agricultural community service, as well as through our workshop and vocational training facilities.
- Conducting adult education courses and running environmental sensitisation programs.
- Creating jobs and training opportunities – including 70 directly at Kids of Africa.
- Reducing incidents of malaria within the local population to nil.

Make a difference.
Join our family of supporters and friends.
